Subject -

Remuneration to the Local Medical Officers for carrying out inoculations during out - break of epidemics

---

I beg to state that the Council, at the meeting held on 26-3-1948 have resolved, to pay a remuneration of Rs 15/- p m to the local Medical Officers for having conducted intensive inoculations from November 1947 to the end of February 1948 to prevent the spread of plague infection

The Council discussed the matter in detail and resolved to pay a sum of Rs 15/- p m each to both the Medical Officers for a period of 4 months The financial position of the - Council admits of this expenditure as it was found quite - essential to control the spread of infection further in the Town by calling upon the two Medical Officers to protect the people in the Town and they readily responded and helped a great deal in suppressing the desease

The Budget provision made in the current year has been found to be quite inadequate as disinfectants and cynogas dust have been purchased and the need for the present proposal of the Council for an additional sum of Rs 120/- for payment to the local Doctors has arisen

I request that Government may kindly be addressed to accord sanction to the resolution of the council to pay Rs 15/- p m each to the two Medical Officers of the Town from November 1947 to the end of February 1948 out of the closing balance
